

Event Summary

Event Name (assignment name): PR 011966 - Moldova: Junior Expert (P.I. National Centre for Sustainable Energy) Reform Support Teams.

Event Description: The Government of Moldova has identified additional needs for **Junior Sector and Technical Experts**, who could provide research, drafting and technical expertise to more senior Reform Support Teams and other civil servants. The Junior Sector and Technical Experts are expected to contribute to the research, drafting and coordination efforts of the key government ministries to accelerate the process of implementation and alignment to the EU acquis in key sectors.

The overall objective of the Assignment is to support the Government to prioritise, develop, adopt and implement its reforms in the state property management sector concerning energy, infrastructure, state-owned assets and enterprises, as identified in the National Development strategy “Moldova 2030”.

The **Junior Energy Expert (P.I. National Centre for Sustainable Energy)** will provide full support to the existing RSTs and other civil servants in the National Centre for Sustainable Energy on policy formulation and delivery in line with the National Development Strategy “Moldova 2030” and accelerate the process of implementation and alignment of the EU acquis in the energy sector.

Start Date and Duration of the Assignment: The Assignment is expected to start in Q2 and has an estimated overall duration of 36 months.

Event Cost Estimate: EUR 72,000.00 (exclusive of VAT).

Supplier Profile: EBRD intends to select and contract an Individual consultant (the “Consultant”) with the following resources and/or expertise.

Qualification and skills:

- A Bachelor’s degree or equivalent. Master’s degree or equivalent is an advantage.
- Excellent research, drafting and technical skills in the related field
- Sector regulatory matters expertise is an advantage,
- Excellent communication skills,
- Proven report-writing skills,
- Computer literacy, strong Excel, and Word skills,
- Working knowledge of Romanian & English,
- Experience building professional relationships as well as ability to communicate with different types of stakeholders at all levels.

General professional experience

- Preferably 1-2 years of professional experience working with data management. Prior experience of working in public service, policy advocacy and advisory to government and/or international institutions is a plus.
- Sector-specific knowledge and experience.

Note: Civil servants and other staff currently employed by public administration of the beneficiary country are not eligible to apply as experts. Experts must be independent and free from conflicts of interest in the responsibilities defined by the Terms of Reference.
